⚠ **Handle with care, fragile materials.**

⚠ **Structural reinforcement is recommended for drywall ceilings or other similar finishes.**

INSTALLATION GUIDE
Rectangular Canopy

We suggest that any electrical work be performed by a qualified specialist.
⚠ ⚡ **CAUTION: Turn off the power supply before executing any electrical installation.**
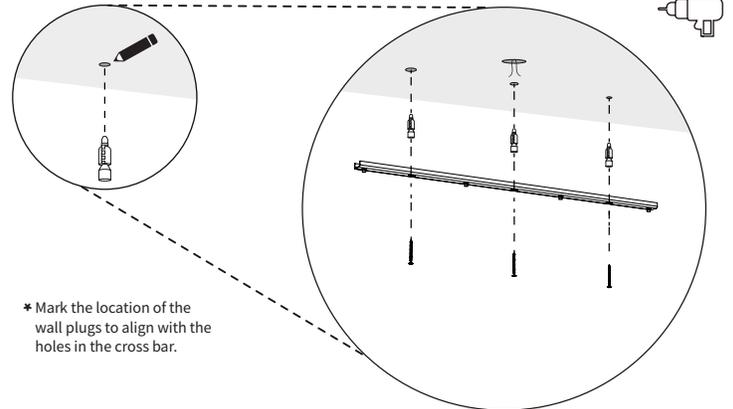

📖 **This instruction manual applies to the following sizes of rectangular canopies: 50 CM, 80 CM, 100 CM, 125 CM y 150 CM.**

Included Parts:

- The amount of materials required depends on the dimensions of the canopy to be installed.

- The wall plugs are designed specifically for concrete slabs.

Canopy 1x	Wall plug (According to Canopy)
Mounting profile 1x	Screw (According to Canopy)
Connector 1x	Fastener (According to Canopy)
Cable holder "8" (Based on the number of lights)	Safety knot (Based on the number of lights. Applies only to DUO)

**1** Install wall plugs to secure the cross bar.
(Reference canopy size: 80 CM)

✱ Mark the location of the wall plugs to align with the holes in the cross bar.

It is recommended that the installation be done by two people. 🚶x 2

**2** Pass the lamp cable through the canopy and the cable holder "8".

Connect + to + and – to – using the connector.

✱ For DUO light fixtures, a safety knot must be tied on each tension cable.

3 Adjust the cable clamp.

✱ Tighten all the way to secure the cable.

⚠ **Handle with care, fragile materials.**

⚠ **Structural reinforcement is recommended for drywall ceilings or other similar finishes.**
